Education

La Salle University - Ozamiz City
Bachelor of Science in Electrical Engineering (BSEE)

Ozamiz City, Misamis Occidental
June 2026

Clarin National High School
Accountancy, Business, and Management

Clarin, Misamis Occidental
July 2022

Experience

Globe Telecom Inc. – Technical Network Group
Electrical Engineering Intern

Cagayan de Oro City
March 9, 2026 - May 6, 2026

- Prepared technical reports and performed data entry and analysis.
- Organized technical documentation and updated telecom site status records.
- Assisted in the inspection and monitoring of electrical systems and equipment.
- Participated in telecom site surveys and facility inspections.
- Performed electrical power analysis for telecom sites.

Undergraduate Research Project
AC Electrical Machine Trainer Kit

- Designed and developed an AC Electrical Machine Trainer Kit for open-circuit and load testing.
- Conducted testing and analysis of voltage, current, and efficiency of the electrical machines.
- Performed proper and safe electrical installation on the Trainer Kit.
- Designed circuit diagrams for our Electrical Machine Trainer Kit.
- Applied knowledge of electrical machines, circuit analysis, troubleshooting, and laboratory safety procedures.
- Received the **Best Project Design Award** in recognition of the AC Electrical Machine Trainer Kit's innovative design and functionality.

Skills

Administrative Skills: Data entry, technical documentation, and data analysis.

Technical Skills: Basic electrical system troubleshooting, electrical installation, electrical plan drafting, electrical analysis, equipment monitoring, and electrical systems inspection.

Software and Tools: Microsoft Office (Word, Excel, PowerPoint), Google Workspace, Canva, Looker Studio, and AutoCAD.
